HALSTED STREET TO BE GREAT WHITE WAY

Halsted St. between 79th and 80th Sts. is to come out of the darkness within the near future.

Contracts for the installation of electric lighting facilities between the blocks designated have been let, it was announced.

The contract, given to the Commercial Light Company, calls for installation of poles containing one light, similar to those recently installed in the district by the city. The company also is under obligations to maintain the new system.

The expense of the new feature will be defrayed by the merchants of the district. The charges of installation will be pro-rated to the business men of the district.

The poles will be adorned by 500-watt lights carrying sufficient power to radiate at least fifty feet. The lights will be placed at that distance apart.

A meeting of the Auburn Park business men is scheduled for Wednesday evening at Cosmopolitan hall. The new lighting features will be thoroughly discussed, according to Henry Schubert, president of the organization.

Matters of communication also will be discussed at the meeting. Measures to obtain better transportation facilities for the district will be discussed thoroughly, Mr. Schubert declared.

A large attendance is urgently requested to be on hand to help the discussions of these measures which will result in the betterment of the community as a whole.

HAMLIN DRY GOODS ANNOUNCES OPENING

The Hamlin Dry Goods Store, successors to Folkie Brothers, 1107-1109 W. 79th St., announced the opening of their store with an entire new stock of goods on hand.

The Hamlin Store proprietors will endeavor to maintain the good will and patronage of the neighborhood along with the co-operation of the people of the community which their predecessors had built up during their tenure in the establishment.

In announcing their opening the Hamlin officials declared they will rigidly enforce the 100 per cent value for every 100 cents' worth of goods purchased in their store.

Courtesy and satisfaction also will be their watchwords. If any customer feels dissatisfied with their purchases the management will exchange the article or gladly refund the purchaser's money.

According to the management the store's opening will find a new array of goods on hand to meet the requirements of the neighborhood.

They urgently ask the co-operation of the entire community.

WELL KNOWN DENTIST LOCATES IN AUBURN

Dr. Ascher, dentist, announces the opening of a new dental suite at 1158 West 79th St.

Dr. Ascher gained prominence in the city when he opened an office on the north side several years ago. Patients now residents of the north side and many others who have drifted into the south part of the city, speak well of his work.

The prospects of entering a newer field and establishing one of the most up-to-date and sanitary establishments was what prompted Dr. Ascher to leave his well-built business on the north side to open similar headquarters on 79th St.

AUBURN'S PIONEER WASHING MACHINE FIRM EXPANDS

C. E. Sundberg Co., prominent washing machine and vacuum cleaner men, are making preparations for the expansion of their business at 7838 Halsted St.

In this expansion Mr. Sundberg has leased an additional store in the same building and preparations are being completed for making the two places one large demonstration and business headquarters.

Remodeling of the store front is also in progress.

The leasing of the additional space for his enterprise was prompted by the rapid growth of his business, Mr. Sundberg said.

Of the scores of residents of Auburn Park whose daily habits compel them to journey to other sections of the city, many can readily testify as to having observed these signs posted in street cars, on elevated trains and other vantage points that readily attract the eye of the public.

These signs are scattered throughout the city. They may be found in practically every remote part. It is the result of the efforts of a select few, who realizing the dangers of neglecting the home community, carrying money into other parts of the city and knowing the disastrous effect it has on the home community, banded together and through the aid of powerful financial sources have perpetuated the campaign in an effort to educate the people of the community to the wonderful opportunities which hold sway in their own section of the city.

In virtually every case, "pay day" finds the loop districts swarmed with scurrying mobs of prospective purchasers. They enter one of the larger stores of the city, buy an article and leave totally satisfied that they got their money's worth. They don't realize that the store, with its finances capable of weathering any business reverses, is well able to keep them in existence for a considerable length of time. The store management, the clerk nor the cashier does not ever expect to see the customer again. Therefore it satisfies them to make a sale, no matter how poor, or good the article may be—the cashier is pleased to enter an additional dollar or two into the coffers of the store's management, and the management likewise is pleased with the increase in the sale of the individual commodity.

The customer after his or her so-called satisfactory purchase returns home irritable, ill tempered and well fatigued by the trip on the street car or elevated; the hurrying through the maelstrom of busy purchasers, and otherwise "played out" for the rest of the day.

Of course the former purchaser then will saunter through the business section of the community. The same article which they scurried down town for will catch the eye. It is the same kind of thing bought down town—and a few cents cheaper. Then sweet thoughts, etc.

A thorough investigation of the neighborhood stores follows and finally a convert to the local business center.

Auburn Park, like other communities of the city, is blessed with neighborhood merchants who have the same materials that the people of the vicinity journey to the crowded loop to buy.

It possesses merchants who do not figure on never seeing the customer again—they hope to become well acquainted—and therefore carry the kind of goods in stock that will please them.

And again an undying intimacy exists between the grocer, butcher, skirt shop, haberdasher and local theatre executives that goes a long way to alleviate the burdens and inconveniences of their patrons.

They go a long way to please the customer. Did you ever see a down town store open its doors on Sunday morning or any other holiday morning to sell you a half pound of butter, etc.? No! they do not depend on you for support. They have three million others to help them exist. In a neighborhood, however, it is entirely different. If you run short of eggs, milk, bread or other components of a meal, you can go to the corner grocer or butcher, knock on his door and tell him your needs and he will readily take care of you.

Then, too, with a motion picture theatre catering to the likes and dislikes of the community, you are quite sure that pictures and other amusement will be displayed that meets with your approval. He has to satisfy you or else close his place of business.

Auburn Park is blessed with many establishments of this nature that go the limit in taking care of local patronage. There are scores of butchers, bakers, grocers, druggists, furniture, piano, clothiers and other establishments who are in the business to please you and not the city's population.

Again, too, it is blessed with many staunch and reliable banks. They likewise are compelled to cater to the community, hence unlying loyalty and unfaltering service.

In the few blocks which comprise Auburn Park, there is along with many business enterprises previously set forth, the Cosmopolitan theatre, the Yellow cab station, the Mutual National Savings bank, and other merchants who are well known along with those mentioned for their loyalty and integrity.

All these go far toward making a community progress. Without them you are living in a remote district, far from all conveniences.

While these businesses exist in the neighborhood it is up to the people to patronize them. Give them opportunity to make a sale and profit by the value of good in return.

Therefore — BE NEIGHBORLY means much to the community of Auburn Park and it is therefore the wish of the merchants that the people help them to continue to exist.

Don't chase downtown for an article that you can get in your own vicinity. Buy at home and you will please yourself, enjoy your shopping, return home amply fit to do other things necessary and perpetuate the life of your neighborhood.

VETERAN FIREMAN ANSWERS LAST CALL

Michael J. Doyle, veteran member of the Chicago fire department, was buried from his home, 837 West Garfield Blvd., last week.

Doyle, who was 70 years old, died following a long illness.

For 37 years "Faithful Mike," as he was known to all his companions around the fire houses, was driver for Engine Company 53, located in the stock yards.

He was retired three years ago.

One of the biggest surprises of the week was that we heard that Russell, the jovial employe of Stern's Grocery and Market, had entered the field of matrimony. Russell is well known to all of us in Auburn Park and he has our best wishes of success and happiness.

FIRE DANGER TAUGHT PROTECTION WEEK

May 22-28 has been set aside as forest protection week in the United States by proclamation of President Harding. In Chicago it will be observed in sending out warnings and instructions to campers and visitors in Chicago's forest preserve to beware of leaving burning fires which might destroy any portion of the great park surrounding the city.

America's forests are being depleted rapidly, and of the 51,000,000,000 board feet used annually 5,000,000,000 feet is lost yearly by fires, most of which can be traced to the carelessness of campers.

During forest protection week instruction in caring for the forests, in making and extinguishing fires in the woods, and pictures showing the destruction done by preventable forest fires will be shown by different organizations.

Special warnings will be issued to visitors on picnic parties in the local forest preserve.

CHICAGO LEADS IN IRISH FIGHT

The first congressional district council of the American Association for the Recognition of the Irish Republic, which is to be the model for similar organizations in every congressional district of the United States, was formed for the Third Congressional District of Illinois yesterday.

The recent national convention of the association outlined the organization.

Father William A. Cahill, state president of the association, was chairman of the meeting in Cosmopolitan hall, 79th and Halsted Sts. Three hundred delegates represented local councils, with a combined membership of more than 25,000 in the Third District. They elected the following officers:

John J. Conroy, president; Miss M. McCarthy, vice-president; Anthony J. O'Malley, secretary, and M. J. McNally, treasurer.

Mayor Thompson was represented by James W. Breen, assistant corporation counsel. Daniel Ryan, president of the county board, and Frank J. Ryan, state representative, addressed the meeting.

The congressional district councils are intended to unify the pressure on congress for recognition of the Irish Republic.

PROMINENT FIREMAN AND ORATOR DIES

Owen J. Shevlin, member of the Chicago fire department and well known orator, died at his home on West 71st Place Thursday after an illness of short duration.

Shevlin was buried Saturday at Mount Olivet.

Known to the younger element of Englewood and the city as a whole as an enthusiastic sport fan, Shevlin's loss to the people of the south side will be greatly felt.

Shevlin was a member of many organizations and lodges and was chairman of many prominent athletic fetes in recent years.

DANCE MASTERS FROWN ON STEPS

Chicago Halls Generally Good, Report Says

Toddles, cat-steps and slow shimmies were condemned along with languorous music, jazz and soft lights in Chicago dance halls yesterday at a meeting of Chicago members of the National Association of Ballroom Proprietors and Managers at the Great Northern Hotel.

Miss Jessie Binford, Illinois supervisor of the U. S. department of social hygiene, and Miss Elizabeth Crandall, an associate, read reports on Chicago dance halls.

One "Days of '49" hall was reported on where unattended men danced with "instructors," who received 5 cents a dance, as were three south side halls, where love making, shaking and dancing "on a dime" was found.

Bad dancing and hip liquor were noted at the Green Mill and the Rainbow Gardens. On the whole, however, Miss Binford reported the situation here "greatly improved—I might say, very good, indeed."

"Quick music solves the problem," asserted S. J. Barrow of the organization. "When the tempo is quick they have to dance faster and can't shimmy."

The two-step, danced to waltz time, and the fox trot were named as the cleanest dances.

The national convention of the association will meet here just before the opening of the Pageant of Progress.

Do you know that for half the expense of a laundress at $4.16 a day, lunch and materials, you may send your entire washing to the Individual Family Service Department of the Brewster Laundry? "Like washing done at home." Everything dried; all flat pieces ironed; 25 pounds $2.25. Phones Wentworth 273 and 3791.

The Fountain of Youth

A man's age cannot be estimated by the number of years which he has lived. He is just as old as he feels.

Many a man is prematurely old at forty, while on the other hand many a man of seventy-five is younger than his brother of thirty.

WHY?

Because the one has taken no care of his human machine; is prematurely worn out, and is almost ready for the scrap-heap; while the other has paid attention to the care of his human machine; has seen to it that his spine was in normal condition and, above all, was KEPT in normal condition.

To which class do you belong?

You know to which class you **should** belong, and it is never too late for you to start.

Look upon the precious Human Machine as being a piece of God-given mechanism which it behooves you to keep in good condition ALL THE TIME

See that your spine is normal. Call on your Chiropractor and let him give you a Spinal Analysis. If there are any defects, he will correct them at once. Such defects are generally found to be subluxated vertebrae (displaced small bones of the spine) which press upon the nerves where they leave the spine, pinching them and preventing the ALL IMPORTANT VITAL FORCE from flowing freely to the various organs. When the flow of this Vital Force is thus impeded and the organs are unable to functionate, the condition is what is known as dis-ease. The competent Chiropractor, by the use of **Chiropractic Vertebral Adjustments**, given with the bare hands alone, puts the displaced bones back in their normal positions, the pinching of the nerves is released, the Vital Force flows uninterruptedly and the condition known as disease disappears.

Put yourself in the hands of a competent Chiropractor, heed his advice, and you will not get old before your time.

Consultation and Spinal Analysis Free

A GOOD WHEAT CROP

It seems almost certain that there will be a big wheat crop which will establish one of the principal foundations of prosperity. Some farmers always claim they would rather have a short crop with higher prices, as they can do with less labor, and perhaps make temporarily as much or more profit. But such a condition in the end affects the whole community unfavorably.

Moderate priced crops mean that the masses both here and in Europe can buy food freely, and have more than usual left for other purchases. That means that manufacturing industries are busy and when the towns are prosperous they will absorb food products liberally. In the end big crops benefit everybody. No period of prosperity was ever built up without large yields of food materials.

GET BED SPREAD OVER CENTURY OLD

A tufted bed spread, made more than 130 years ago by the grandmother of an officer in the confederate army, was presented today to the Chicago Historical Society by the Stonewall chapter of the United Daughters of the Confederacy.

The spread, which is of homespun, with pattern elaborately fashioned in tufted or raised design, is the handiwork, in about 1790, of Miss Claire Wright of Alabama. Later she became a Mrs. Prydgen, and the spread was presented to her granddaughter as a wedding gift upon her marriage in 1863 to Rufus Middlebrooks, an officer in the confederate army under Gen. Tyler.

The spread has been kept in the Alabama family as a cherished heirloom, and was handed down from one generation to the next until it became the property of Mrs. H. N. Harsin, 4726 West End Ave., who is the great-niece of Mrs. Middlebrooks and the great-great-great-niece of the woman who made it.

The spread, although now yellow from age, is still in good condition.

Some people seem to think that the demand for reduction of armaments amounts to nothing, as the only people who find any fault are the taxpayers.

Although, 16,140,585 people voted for President Harding, he has so far been so ungrateful as to provide jobs for but a few thousands of them.

WILL DEDICATE NEW CATHOLIC CHURCH

On Sunday morning, June 5th, at 10:30 will take place the dedication of St. Carthage church by His Grace, Archbishop George W. Mundelein.

St. Carthage parish was founded in the fall of 1919 and assigned to the Rev. D. H. Riordan, then of St. Columbanus church. Property was purchased in Yale Ave. between 73rd and 74th Sts. and under the able leadership and untiring efforts of this good priest, the little parish flourished and Easter Sunday of 1921 saw the completion of the new church and school.

Not only materially but spiritually also has the new parish thrived and there are well established branches of the various societies and sodalities.

It is hoped the respect and honor due our archbishop will be shown on June 5th by a large delegation from neighboring organizations.

An outline of the program will be published in a later edition.

BABY KILLED BY STREET CAR

Hundreds of persons saw firemen of Engine Company No. 51 work to release Dorothy Connizzo, 4, 7329 Vincennes Ave., from beneath the rear wheels of a Wentworth Ave. car, after she had been run down in front of her home last Wednesday. The street car was raised with jacks, but the child was dead when extricated.

PARKER HIGH GIRLS GET LESSON IN DRESS

With Mrs. Estelle Reid, of the educational department of Marshall Field & Co., as teacher, flappers of the Parker high school "fell in" for a general beration in their methods of dress at a special meeting held in the school's auditorium Friday afternoon.

About 1,000 girl students attended the meeting.

The proper apparel for all Miss Flapper's activities was displayed to the girls. Models, schoolgirls themselves, showed the effect of the various sorts of raiment.

Mabel, after seeing Mildred in one of those "see-the-calf" skirts and in a modest Quaker affair some three inches above the ground, may decide which is the more desirable.

And Mildred, after seeing Polly in a "V" cut frock, will now be able to choose her own party dress. And sport costumes were shown, too.

Charles H. Ferrine, principal of the school, explained that there was no fault to find with the girls' present dress.

"The girls are above reproach," he said, "but there is need of education on dress. And I think the Parker high is as good a place as any to start the ball rolling."

GIRL RESCUING KITTEN IS BITTEN BY DOG

Margaret Cooper, 9, of 1276 W. 73rd Place, yesterday afternoon found her pet kitten, Toby, getting the worst of a fight with the bulldog of Michael Carolan, 1244 W. 73rd Place. She rescued Toby with the aid of a club, but the dog bit her right hand. She was taken to Englewood Hospital for Pasteur treatment. The dog is being observed for rabies.

TWO MEN RELIEVED OF MONEY BY HOLDUPS

Two armed men held up Joseph Lenz of 5126 Justine St. and John Widmaier of 6330 Honore St. last night at S. Maplewood Ave. and 63rd St. They took $14 and a $50 stickpin from Lenz and a watch and $15 from Widmaier.

Thinnest, quickest drying, easiest spreading black enamel, eats up, prevents rust. On stoves, pipes, etc., shines itself. Will not wash off. On window and door screens cannot fill the mesh. Lasts for years. Fine for autos where a black finish is desired on iron, wood or leather. Dries quickly. If your dealer hasn't 6-5-4 ask.

YOUTHS HELD FOR ROBBERY ATTEMPT

Thomas Kenny, 8353 Sangamon St., is one of three alleged holdups arrested following an attempted holdup of the drug store of A. C. Dragg, 1355. East Marquette Road, last week.

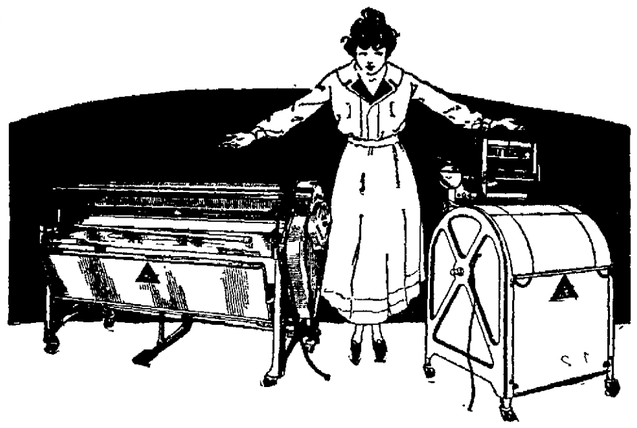
The three were arrested after police were summoned to the scene by neighbors who heard the men at work, they said, trying to pry open the front door.

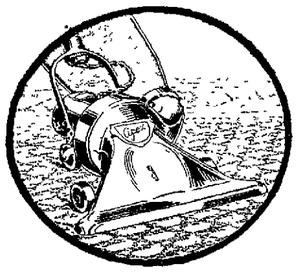
When apprehended the three youths offered battle but surrendered after an exchange of shots, police said.

APEX WASHERS IRONERS CLEANERS

Come and see why the APEX is Chicago's most popular machine. Let us explain the APEX patented tub feature, the tub that cannot be copied. Let us explain the four unit construction, the powerful swinging wringer and see for yourself the simplicity and durability of construction.

Surely our thousands of satisfied customers must be evidence that can be well considered in deciding upon the desirable advantages of the APEX. Just ask your neighbor how she likes her APEX. You owe it to yourself to buy the best. Come in. Remember our prices are at rock bottom.





APEX CLEANER—Only with the APEX is the suction applied evenly across the 13-inch nozzle opening. The exclusive divided or twin chamber design makes the suction at the ends as powerful as it is at any point between. Only with the APEX, with its inclined nozzle, can you clean under things as well as around them—it gets under radiators and low furniture, hooks around table legs, goes square up to baseboards, edges into corners, and gets the dust wherever it is. Phone for demonstration.
